

## Data model (crow's foot)

May 30, 2020

**Supply chain**  
In business and finance, supply chain is a system of organizations, people, activities, information, and resources involved in supplying a product or service to a consumer.

**Finance**  
The part of an organization that manages its money. The business functions of a finance department typically include planning, organizing, auditing, accounting for and controlling its company's finances. The finance department also usually produces the company's financial statements.
